# Buyer profile

## What is their business?

We supply water and water recycling services to more than six million domestic and business customers in the east of England and Hartlepool. Our huge region stretches from the Humber north of Grimsby, to the Thames estuary and then from Buckinghamshire to Lowestoft on the east coast. Our 112,833 km of water and sewer pipes could take us a quarter of the way to the moon! They supply and transport water across an area of 27,500 square km.

We're the largest water and water recycling company in England and Wales by geographic area. Because of the size of our region, we operate 1,257 water and water recycling treatment works. This is around a quarter of all those in England and Wales. Our coastline is approximately 1,240 km long and the recycled water we return to nature must pass strict quality standards set by law and by our regulators.

## What are they looking for?

Anglian Water is looking for all types of solutions that fit with the goals of their Net Zero Strategy to 2030. This includes:

- Reduction of power demand through system optimisation
- Renewable energy generation and storage solutions
- Biogas generation and use
- Decarbonisation of vehicle fleet, particularly using HVO, electricity, biogas and hydrogen
- CH4 and N2O reduction solutions

## How can you apply?

If you are interested in this opportunity, please contact **David Broach** by sending an email to [hello@futurebusinesscentre.co.uk](mailto:hello@futurebusinesscentre.co.uk) and briefly indicate the interest of your company in the Buyer's case. You can also contact your regional SCALE-UP partner.

## SCALE-UP PARTNERS

This Meet the Buyer event is an exclusive invitation for companies associated with the partner organisations in the North Sea region. Cleantech member organisations have joined forces in the Interreg SCALE-UP project to enable cross-border business contacts between SMEs with green solutions and established large companies. The overall aim is to facilitate for innovative cleantech companies to scale up your start-up. Consultants at the member organisations help participants prepare the meetings and support them through the business process.
